Travelling with Neuroendocrine Cancer

Travel while living with neuroendocrine cancer is possible with considered planning. Before making plans, have a conversation with your Medical Specialist.

Some things to consider:

- Fitness to travel** (speak with your doctor about the best time to travel safely during treatment)
- Travel insurance** (Many insurance companies will only cover you for conditions other than cancer – you may need to enquire around)
- Medical documentation** (You may need letters detailing your medication, medical diagnosis and treatment depending on where you travel)
- Travelling with medication and/or medical devices** (Australian Government Therapeutic Goods and Administration Website for further information.
